

## CLOSING SESSION OF ATTORNEYS-GENERAL

Feature Is Discussion of the Alien Race Problem by Mr. Webb of California.

DENVER, Aug. 21.—The National Association of Attorneys General elected the following officers for the ensuing year at the closing session of its second annual convention this evening: President, R. V. Fletcher, of Mississippi; vice-president, U. S. Webb, of California; secretary-treasurer, W. H. Dickson, of Colorado.

Selection of the time and place of the next meeting was left to a committee appointed by the president. Attorney-General U. S. Webb, of California, discussed the fourteenth amendment to the federal constitution, especially in relation to the question of dealing with alien races in California. Speaking of the trouble that arose in San Francisco over the admission of Japanese children in the schools of San Francisco, he said that the federal government had interfered with a law of California, which had existed for a long time, using the fourteenth amendment and a treaty with Japan as a club.

Terms of "Truce" Secret. The exact terms of the "truce" agreed upon at the conference in Washington, he said, had never been made public, but it was known that the school board had agreed for the present to admit Japanese in any school and he was informed that for the present the Japanese had agreed not to ask for such admission. Another objection to the fourteenth amendment was that it admits to full citizenship the children of Japanese and Chinese born in this country. Mr. Webb expressed the belief that eventually the amendment would be repealed. Attorney-General S. W. Clark, of South Dakota, concluded the programme with an address on the "Duties of Attorneys General."

## LITTLE LUMBERING TOWN WIPED OUT BY FIRE

BELLEVILLE, Wash., Aug. 21.—A forest fire last night nearly wiped out the little town of Belleville, ten miles south of here. The saw and shingle mill and dry kilns, owned by Daniel Kahn, with half a million shingles, were destroyed, as well as twelve cottages belonging to the mill company. Many fires are burning throughout Whatcom county, but the majority of them are on logged-off lands, and but little damage is being done. Several towns, threatened by fire for several days past, are declared safe by Fire Warden Lee.

## LETTERS SHOW PRESIDENT'S VIEWS ON ALDRICH BILL

LINCOLN, Aug. 21.—Because of the attacks made upon the Aldrich currency bill by Senator La Follette, together with his demanding of roll calls on that bill, Senator E. J. Burkett today gave out two letters from President Roosevelt commending the Aldrich law unqualifiedly. Senator Burkett received the following letter from the President:

Oyster Bay, N. Y., Aug. 18, 1908. My Dear Sir—I heartily approve of the currency measure, otherwise I would not have signed the bill. In my judgment it would have been most unwise not to have passed it, and not a single argument worth heeding was advanced against it. I enclose you a copy of a letter I had already written on the subject. Sincerely yours, THEODORE ROOSEVELT.

Following is the copy of the letter referred to by the President:

Oyster Bay, N. Y., July 23, 1908. My Dear Sir—I have your letter of the 20th. My motives were simply those I have in signing any good bill. Beyond all question, the emergency currency bill was a good measure, and I have not heard it attacked with any arguments which I thought even deserved an answer. It is undoubtedly only an emergency measure; it lasts merely the length of time to permit us to develop a permanent plan during that time. It makes provision for the needed elasticity of currency, and it does it in an utterly unobjectionable manner. It does not accomplish very much, but it does accomplish something, and there is literally not one objection that has been raised to it worthy of paying the slightest heed to, while, furthermore, it makes the admirable provision for a commission to make a report on the permanent currency plan. Sincerely yours, THEODORE ROOSEVELT.

At the Orpheum, capacity houses continue to greet the Fadettes, one of the best musical organizations heard in Salt Lake city. The other acts on the bill are likewise good. There will be a matinee this afternoon.

Tomorrow (Sunday) afternoon will see the opening of the regular fall season at the Grand Theater, and also marks the initial appearance of the new Grand Stock company, which the management of the Grand asserts will be the best stock organization seen in this city in years, and equal to the celebrated stock company which held the boards at the Grand in the days gone by, when the Grand was the criterion for stock productions. The opening bill is a southern comedy-drama, "The Belle of Richmond." The same popular prices will prevail this season at the Grand as in the past, with the usual matinees every Wednesday and Saturday afternoon.

Emma Lucy Gates, the song bird of Utah, comes to the Salt Lake Theater on Wednesday, September 2.

"The Rejuvenation of Aunt Mary," with May Robson, opens the season of 1908-09 at the Salt Lake Theater on Thursday next.

Excursion to Ogden. Tomorrow, via Oregon Short Line. Trains at 7:10 and 9:30 a. m., 12:35, 1:30 and 4:00 p. m. Returning leave Ogden at 2:05, 5:15, 5:45 and 8:10 p. m. Round trip, \$1.00.

## EXPECTS THAT GOD WILL INSURE HIS ELECTION

HOUSTON, Tex., Aug. 21.—Texas has a new candidate for governor in the person of Sundry Richardson, who has been a reporter on many Southern papers. Mr. Richardson has issued a formal announcement of his candidacy in an altogether unique platform. "With the help of God, I intend to be governor," says he. "I enter the race seemingly handicapped, but off from the great political parties that have ruled the land; but I shall win, as God is with me, and I stand for what is right." Mr. Richardson opposes prohibition.

## DISCOURAGING REPORTS FROM MINERS STRIKE

BIRMINGHAM, Ala., Aug. 21.—Reports received today from the miners' strike field were discouraging. Deputies at the Areadia mine, in the eastern part of the county, brought to light a plot to blow up the miners' quarters and shoot down the deputies and soldiers who might turn out. The activity of the officers prevented trouble. The force of deputies in the field has been increased and there is talk now of the governor being requested to call out all three regiments of infantry in the state, the disorders promising to be serious.

## IMPORTANT TO FRUIT MEN IF CLAIMS ARE TRUE

WASHINGTON, Aug. 21.—The attention of the experts of the bureau of plant industry in the department of agriculture has been called to the claims being made and extensively advertised in California, relative to an alleged cure for pear blight. This cure consists in treating the trees with a substance which enters the sap, and is said to prevent the development of blight. The claims made for the treatment have been investigated by the department experts and orchards, which have been under treatment for two years by the method, have been examined with the result that the trees were found to be in very bad condition with hold-over blights. The only effect which the treatment seems to have had on the trees is to retard their growth, and, as a result of this, the blight makes less active development.

Two of his ribs were broken, and it is believed he is internally injured. He had been lying unconscious for over an hour when found, and has failed to rally and respond to medical treatment.
